DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3 are allowed over prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 1, the prior art fails to disclose or make obvious “a passive sensor remotely located from the opto-electronics unit...a fiber optics cable interconnecting said opto-electronics unit and said passive sensor...collimating lens means mounted within the housing ...and focusing mirror means mounted within the housing at an opposite axial end of the housing for reflection of the optical signals along said optical axis, through the air gap and the lens means and into the fiber cable to be returned to the opto-electronics unit” and in combination with the other recited limitations of claim 1. Claim 2 is allowed by virtue of dependency on the allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
